1. General Information
   i. Salient features of Industrial activity:
   ii. Location details of the industrial Unit (Village, Tehsil / Mandal, district).
   iii. General Topography and drainage characteristics of the area-
   iv. Source of availability of surface water for the industrial use, if any
   v. Annual Rainfall (in mm) in the area
   vi. Township/ villages within 2km radius of the industrial unit
   a) New Industry b) Existing industry

2. Water Requirement & Ground water usage (Pl. enclose flowchart of activities and requirement of water at each stage)
   i. Breakup of Water requirement-
      a. Industrial activity - m3/day
      b. Residential/Domestic use-- m3/day
      c. Green belt development/
      Env. Maintenance-- (m3/day)
   Total - m3/day & m3/yr

3. Details of proposed ground water abstractions
   i. Proposed abstraction of ground water - m3/day

   ii. Details (structure wise) of existing/proposed ground water abstraction structures
      i. Type & depth & diameter. of structure: Tubewell / open well / others
      ii. Depth to water level* (m below ground level)
iii. Mode of lift & HLP of Lifting device/pump
iii. Discharge of well (m3/hr)
iv. Operational hours (per day & per year)
v. Whether fitted with water meter* ?.

* for existing structures only

4. Rainwater Harvesting: Whether proposed to undertake rainwater harvesting measures for ground water recharge in the area? If so, the details may be furnished. If already implemented (for existing industry), the details may also be furnished.

5. Copy of referral from State Pollution Control Board/ Bureau of Indian Standards/ Ministry of Environment and Forests/ other statutory agencies may be annexed

Undertaking

It is to certify that the data and information furnished above are true to the best of my knowledge and belief, and I am aware that if any part of the data/information submitted is found to be false or misleading at any stage, the application will be rejected out rightly.
